Tranche-2 Questions.......3

Arkansas BEAD Program Frequently Asked Questions – Document 20

Tranche-2 Questions

1. Will residual CBGs from a bid that was closed by a Buy It Now bid be considered Zero Bid CBGs?

Yes. If a bid overlaps with a Tranche-1 Buy It Now bid and is closed, then the residual CBGs that were not selected as part of the Buy It Now bid will be classified as Zero Bid.

2. Can a Tranche-1 Carried Forward bid be modified to include a CBG that is part of a separate Tranche-1 Carried Forward bid?

No. Applicants may not include a CBG that is included in any of their Carried Forward bids' project areas in either a separate Carried Forward bid or a new bid in Tranche-2.

3. How much time will applicants have between the publication of Tranche-1 results and the opening of Tranche-2?

Applicants will have at least one week between the publication of Tranche-1 results and the opening of Tranche-2.

- 4. How are the bids that are not carried forward to Tranche-2 classified?

 Bids that were not carried forward to Tranche-2 were either preliminarily selected or closed.
- 5. Will reference prices be updated for Tranche-2?
 Yes. The reference prices for Zero Bid CBGs will be increased for Tranche-2.
- 6. When are network designs required?

Supplemental documents such as network designs (with a P.E. stamp), project budgets, etc., will be required of preliminary selectees within specific timelines as outlined by ARConnect, on a rolling basis. ARConnect will release more information on these timelines at a later date.

- 7. Can the network designs be submitted in phases as the project goes on?

 No. The full network designs with a PE stamp must be submitted by the deadline.
- 8. Will there be a communication blackout period during Tranche-2?
 Yes. During the Tranche-2 application window, ARConnect will not answer questions related to the BEAD application process.
