

The Arkansas BEAD Program

Infrastructure Roundtable | TA Session

AUGUST 15, 2025

Final Proposal Information | Additional data points required

There are 3 additional data points required for the Final Proposal that need to be collected from providers for their preliminarily selected bids:

- 1 Anticipated number of **buried** miles of fiber to provide service to the locations within the project area
- 2 Anticipated number of **aerial** miles of fiber to provide service to the locations within the project area
- 3 Estimated number of **employment opportunities** created by the project

What to expect:

- **Revision requests** will be sent to all preliminary selectees the **morning of Monday, August 18**
- Please note, **responses are required**; if not applicable to your specific project, please input 0
- Please provide the requested information in the Grantor Portal and **re-submit** your application by **6 pm CT on Tuesday August 19**
- Please note that applicants will need to **re-confirm** the final attestations to submit
